

## **Changerooms & Showering Facilities Policy**

Wimbledon Cricket Club adopt the ECB affiliated cricket clubs Changing Policy.

This policy will depend upon facilities available, access to those facilities and the number of children involved.

The following provides a framework of best practice.

These guidelines apply to adults, and children who are sharing changing facilities, taking into account the number of children involved.

Adults must not change, or shower, at the same time using the same facility as children.

Adults should try to change at separate times to children during matches, for example when children are padding up.

If adults and children need to share a changing facility, the Club must have consent from parents that their child(ren) can share a changing room with adults in the club.

If children play for Open Age teams, they, and their parents, must be informed of the club's policy on changing arrangements.

Wherever possible Wimbledon Cricket Club will provide changing facilities for mixed gender teams.

Mobile phones must not be used in changing rooms.

If children are uncomfortable changing or showering at the club, no pressure will be placed on them to do so. We suggest instead that they may change and shower at home.
